Location: Trichy | Tamil Nadu | India

CAREER OBJECTIVE

Motivated Electronics and Communication Engineering student with a strong interest in VLSI design, WEB Development and Front-End Development. Seeking opportunities to apply technical skills through internships or entry-level roles while continuously learning and contributing to innovative engineering solutions.

EDUCATION

2023-2027

Bachelor of Engineering | Electronics and Communication Engineering – Pursuing CGPA 7.50
University College of Engineering (BIT-Campus) Trichy -24

March 2023

HSC | KAP Viswanatham Higher Secondary School, Tiruchirappalli, Tamil Nadu, India 86%

March 2021

SSLC | KAP Viswanatham Higher Secondary School, Tiruchirappalli, Tamil Nadu, India

TECHNICAL SKILLS

- **Programming Languages:** C , Python, HTML , CSS , JS , JAVA, MATLAB , Verilog HDL
- **Tools & Software:** VS Code , React, Django, Github, Vercel, Proteus VSM, Xilinx Vivado , Keil , Canva , CANoe

STRENGTH

- Team Player
- Self-Discipline
- Multitasking
- Active listener
- Resilient
- Adaptability
- Responsible
- Punctual

SKILLS

- Circuits Design
- Front-end development
- Poster Designing

INTERNSHIP

Short-Term Internship (2 Weeks) IN NIT-T

- Designed and analyzed Analog and Digital Circuits using Proteus VSM
- Study circuit behavior and performance through simulation

Internship on Digital VLSI Design (1 Month) IN NIT-T

- Designed and simulated digital VLSI circuits using Xilinx Vivado
- Performed timing and performance analysis of digital design

PROJECTS

Digital Alarm Clock – Mini Project (VLSI)

- Designed and implemented a digital alarm clock in Xilinx Vivado
- Verified functionality through simulation and timing analysis

Smart Door Lock system – Mini project (Embedded system)

- Designed and simulated a smart door lock system in TINDERCAD
- Using basic microcontrollers and understanding the working concepts.

Tech Dining System NAAN MUDHALVAN

- Developed a “Tech Dining System” using Design Thinking methodology to create Sustainable and customer-centric dining solution.

WEB APPLICATION

- Developed a Website for Startup Company MEDTECH : [Link](#)
- Modern Portfolio for ECE student 1 : [Link](#) , student 2: [Link](#)

CERTIFICATES

- Completed Introduction To Machine Learning Course In NPTEL With **68/- ELITE**
- Completed Web Development Course under PMKVY Scheme
- Completed SNAP ON CHIP workshop in PROBE25 NITT
- Completed Design thinking Course in Naan Mudhalvan
- Completed ADAS Simulation 1 & 2 in Naan Mudhalvan

LANGUAGES KNOWN

- Tamil
- English
