CAREER OBJECTIVE

Motivated Electronics and Communication Engineering student with a strong interest in VLSI design, Embedded systems and software development systems. Seeking opportunities to apply technical skills through internships or entry-level roles while continuously learning and contributing to innovative engineering solutions.

EDUCATION

Bachelor of Engineering | Electronics and Communication Engineering – Pursuing CGPA 7.50/10 University College of Engineering (BIT-Campus) Trichy -24 2023-2027
HSC | KAP Viswanatham Higher Secondary School, Tiruchirappalli, Tamil Nadu, India 86% March 2023
SSLC | KAP Viswanatham Higher Secondary School, Tiruchirappalli, Tamil Nadu, India March 2021

SKILLS

- Languages: C, Embedded C, Python, MATLAB, Verilog HDL
 - Tools & SW: Tinkercad, Proteus VSM, Xilinx Vivado, Keil, , CANoe ,Multisim, LTspiece, VS Code, GitHub, Vercel, Canva
 - Web Dev: HTML, CSS, JavaScript, React, Django, API calling
 - Core Domain: Circuit Desing and simulation
-

EXPERIENCES

On-The-Job Training – Vdart Academy Trichy

| Jun 26 – Jul 26

Worked in a full-stack development AI-powered content generation platform using React, Django REST Framework, and SQLite, enabling Users to generate, edit, and manage AI-generated text and images through an intuitive dashboard.

Design and Analysis of Digital VLSI - National Institute of Technology, Trichy

| Dec 25 - Jan 26

Designed and simulated digital circuits using Verilog HDL and Xilinx Vivado. Implemented and analyzed the performance of Digital Alarm clock as project

Analog and Digital Circuit Design and Simulation National Institute of Technology, Trichy

| Jan 25 – Feb 25

Designed and simulated analog and digital circuits using Proteus VSM. Analysed circuit performance and validated simulation results.

PROJECTS

Digital Alarm Clock – Mini Project (VLSI):

Designed and implemented a digital alarm clock in Xilinx Vivado Verified functionality through simulation and timing analysis

Smart Door Lock system – Mini project (Embedded system)

Designed and simulated a smart door lock system in TINDERCAD, Using basic microcontrollers and understanding the working concepts.

Tech Dining System NAAN MUDHALVAN

Developed a “Tech Dining System” using Design Thinking methodology to create Sustainable and customer-centric dining solution.

Web application / Full stack development

- Developed a Website for Startup Company MEDTECH Digital Partner : [Link](#)
 - Developed a Modern Portfolio for ECE student : [Link](#)
 - Content IQ – during Vdart Internship
 - Ai voice Translator web application : [Link](#)
-

CERTIFICATIONS

- Completing the "Introduction to Machine Learning" course with a score of 68%. Elite
 - Completed a comprehensive Web Development Course under the PMKVY Scheme.
 - Finished professional development courses in Design Thinking and ADAS Simulation I & II via Naan Mudhalvan
 - Completed Build and Deploy AI apps with Google AI Studio: Multilingual AI speech App Development From GUVI X HCL
 - Attended and completed the SNAP ON CHIP workshop in PROBE25 at NIT Trichy
-

www.linkedin.com/in/rifakath-khan-5b0809292

CAREER OBJECTIVE

I'm a student with strong problem-solving, leadership, and teamwork skills, experienced in managing projects that improved efficiency and reduced manual intervention. Adept at coordinating teams, driving innovation, and applying analytical thinking to deliver impactful results.

EDUCATION

- **B.E. in Electronics and Communication Engineering** at UCE, BIT Campus, Anna University, Tiruchirappalli (2022–2026), with a current CGPA of 7.5 as of the 6th semester.
- **CBSE 12th Grade** in 2022 from Mount Litera Zee School with an overall score of 75%, demonstrating consistent academic performance and a solid foundation for higher education.
- **CBSE 10th Grade** in 2020 from Samadh Senior Secondary School with an overall score of 75%, laying a strong academic foundation for higher secondary and technical education.

EXPERIENCES

Employability Skills Training

AUG 2025

- Titan LeAP & Naandi Foundation
- Focused on communication, teamwork, adaptability, and problem-solving. Participated in group activities and scenario-based learning. Developed emotional intelligence and workplace resilience. Improved readiness for dynamic professional environments.

Soft Skills Training – CUIC, Anna University (RUSA 2.0)

DEC 2023

- Completed training in career guidance, communication, and teamwork.
- Gained insights into professional behavior and workplace readiness. Strengthened interpersonal and leadership skills through interactive sessions. Built confidence and adaptability for career growth.

CLUB & SERVICES

Joint Secretary – Rotaract Club of Anna University (II Year)

Also Served as Joint Secretary, contributing to club operations, event planning, and member coordination. Played a key role in organizing campus-wide initiatives and fostering student engagement. Strengthened leadership and communication skills through active participation. Supported the executive team in executing impactful service projects.

Public Relations Officer (PRO) (III Year)

As PRO, I led the club's public outreach and communications, ensuring strong visibility for events and initiatives. I played a pivotal role in organizing Jigyasa, a flagship event that gained recognition at the South Asian level for its impact and execution. Serving as Event Secretary for JIGYASA, I managed promotions, logistics, and engagement strategies that elevated the club's profile.

SKILLS

Soft Skills

- Leadership
- Project Management
- Public Relations
- Conflict Management
- Effective Communication
- Critical Thinking
